## Attendance reports

Thank you to parents who have brought to our attention the absence of any coding linked to the attendance reports. I want to rectify this issue and below you will find the codes and descriptions for reference. Additionally, please visit the school website to view our Attendance Policy on the Policies page, or click this link: [Attendance Policy](#)

The school has been using a new Management Information System since April, therefore this is the first issue of attendance reports in the format received by parents this week. There are clearly some 'niggles' regarding how the information is presented, for example a 'U' code is late after the registration period, and not as would be presumed 'Unauthorised'. I am sorry for any confusion caused and we will be relaying these findings to Scholarpack as feedback from school and parents, in order to improve – we are all learning in school in some way or another.

## Thank you!

Thank you to all parents who help to boost staff morale with positive emails and comments – as with all workers, it really does make a difference and I'm sure many parents will recognise this – we all love to hear when we are doing a good job, as well as helping to resolve problems. All my staff work incredibly hard beyond the 'school day' and have the best interests of the school and pupils at heart. It is great when it is appreciated...

To all children and families, have a lovely Summer, wherever you may be holidaying or whatever you may be doing – and thank you for all your support you have given to school over the last academic year. We look forward to opening two new classrooms in September and the start of the Autumn term, (156 days until Christmas Day!).
