Spring 2018: Website Policy

CRC Article 17

Every child has the right to reliable information from the mass media. Television, radio, newspapers and other media should provide information that children can understand. Governments must help protect children from materials that could harm them.

Purpose of Website

Glusburn Primary School values the contribution that a website can make to the life and role of the school in a modern society. Glusburn Primary School's website has 5 important roles:

- To promote the school;
- To provide information to prospective parents and teachers, the wider community and the world;
- To act as a communication channel between teachers, parents, pupils and school management;
- To improve pupil learning;
- To raise standards in teaching and learning.

Website Structure

The school website is <http://www.glusburn.n-yorks.sch.uk>. The site is hosted on a server in the UK and was built using North Yorkshire's Schools ICT service - SchoolsICT.

There are two main sections to the site:

- The front end published site, which is available to anyone in the world with Internet access.
- The private back end site, which is available only to authorised members of the school community.

Access to the private back end is controlled by a username and password. The staffroom and Governor room is also controlled by a username and password.

Safeguards

Parents sign a declaration form at the start of each academic year to give/ or not give permission for their child's photos to appear on the school website.

The school will ensure that no pupil can be identified or contacted either via or as a result of using, the school website.

Names are not published alongside pupil's photographs, other than when linked to an article that might appear in a published newspaper; such as the **In the News Section** which links to the Craven Herald newspaper.

Children will only be shown in photos where they are suitably dressed.

Please recycle this paper.
