Rolls Royce Trip

Following a presentation to Y5 by engineers from Rolls Royce, 12 children were selected to visit the plant in Barnoldswick on Wednesday 19th October.

Children were chosen following the completion of an application form, answering questions about the presentation and explaining why they enjoy science, technology, engineering and mathematics.

The site visit involved seeing a model engine and also being able to watch some of the manufacturing process at the global company who provide highly-efficient integrated power and propulsion solutions. Thank you to all staff who made the visit possible, including our own parent, Mr Barnes. The children who took part were: Aliza Dobson, Hannah Benson, Chris Butterfield, Jack Hardaker, Evie Farnell, Kerry Hopkins, Daniel Crook, Belle Simons, Callum Pepper, Jacob Dooley, Branden Shaw and Will Barnes.

Bikes and Scooters

Although we encourage children to be active and travelling to school via bike, scooter, rollerblades, unicycle, Penny-farthing or skis certainly gets the blood moving on an Autumn morn, please can I request that all children dismount at the school entrances. This avoids any collisions, impacts, rear-enders or fender-benders in the school grounds during the peak times of drop-off and collection. There is, of course a scooter rack where these can be kept during the school day (please supply lock); there is currently no provision for Penny-farthings.

A Penny-farthing, seen earlier today – modelled by Mr Clayton.
