### Use of Children's Images

All staff at Glusburn School are aware of concerns about the use of images of children. The Headteacher will exercise discretion in the use of any photographs/images of children which are used for internal publication.

On entry into school parents are asked to indicate their consent for their child's photograph to be taken in school and used both internally and externally stating their preferences.

This consent is considered valid for the time their child is registered at the school unless they specifically inform the school in writing of withdrawal of consent. Some photographs and images may be retained by the school as part of its historical record. If, once the child has left the school, parents wish to have destroyed any photograph or image showing their child individually, they should inform the school in writing.

### School Performances and Sporting Events

Adults photographing and filming young people has been the subject of many discussions in recent times. These concerns are genuine, however at Glusburn we have taken a sensible, balanced approach, which allows parents to photograph and film providing they follow clear guidelines, which are:

Any filming is for family use and must not be sold, published on websites such as YouTube, Facebook or in publications under any circumstances if the filming explicitly shows other children other than their own.

### **Photographs or video may not be taken at swimming events.**

The Headteacher reserves the right to stop filming at any time if he or a colleague deems it inappropriate or obtrusive. This right is delegated to any member of staff in charge of a group of pupils.

*Extract from the Parent Consent form:*

You may select more than one option or may use options 1 or 2 to give a positive consent for all or to refuse your consent for all. Please note: This consent is considered valid for the time your child is registered at the school unless you specifically inform the school in writing of withdrawal of consent. Some photographs and images may be retained by the school as part of its historical record.
